

WEBS UPDATE

May 2017

FURNITURE TRAINING

The Poplars,
Wollaton Road
Beeston, NG9 2PD
Tel 0115 967 7771

Hello a great deal has happened since the last newsletter and many of you will be starting a very busy phase as those crucial GCSE exams have started. You will no doubt know of some very nervous young people.

Whatever they might wish to do for the future, please don't forget that for those who are practically minded we have vacancies available which will place them on the road to a successful career in furniture manufacturing.

What our learners ..

My upholstery training at Webs is running smoothly; I'm ahead of my game because I focus on written work as well as my practical work. I have my Training Officer Jake and his assistant Aaron to thank for that.

On my Level 3 wood machining course I'm learning supervisory skills and producing different products in the work shop. Webs has given me the confidence to work independently and efficiently and I would recommend them to anyone.

...say about us

In February 2017 Webs Training was inspected and found to be a Good Provider by Ofsted

Inspectors found that training staff are highly qualified and experienced in all aspects of furniture making, delivering high quality learning sessions; whilst being passionate about their craftsmanship and enthusing apprentices with their skill and attention to detail.

Logo Competition - As some of you will be aware, as part of our activities in Apprenticeship Week in February 2017, we ran a competition to design a new logo for Webs Training Ltd.

The winning design was submitted by two Year 10 students from George Spencer Academy in Stapleford. Logan and Olivia entered after seeing information displayed at school.

Four final designs were submitted, all of an excellent standard and clearly showing that consideration had been given to what Webs Training stands for, all incorporated into the design ideas. Starting with pencil sketches the students then proceeded to final logo designs. After consulting with staff and board members the preferred design was agreed and slight adjustments made by Logan, to arrive at the final design. This can be seen above and will now be used in future correspondence and on our marketing material.

To the right are Logan and Olivia, after being congratulated by Sammy Jones, Managing Director and Tina Howe, Learner Engagement and Progression Manager for Webs Training Ltd. Logan and Olivia are unlikely to be learners with Webs, as they both have different careers in mind, but we wish them all the very best for a successful future.

If you know of students still looking for progression opportunities please see below the range we have on offer at present. These and all our vacancies are entered on the [gov.uk apprenticeship](http://gov.uk/apprenticeship) site.

New vacancies are added each week as we get them, so please keep checking.

Location	Apprenticeship Role	Number available	Vacancy Reference	Closing Date
West Hallam	Component Manufacturing	1	1191355	02/06/2017
Long Eaton	Wood Machinist	2	1224288	09/06/2017
Castle Donnington	Upholstery Machinist (Sewing)	1	1191377	19/05/2017

Sheffield	Upholstery	1	1224330	09/06/2017
Ilkeston	Business Administration	1	1223355	02/06/2017

Traineeships—Although we are no longer running our Ambitions Programme, we are still offering Traineeship opportunities, which are a 6 week programme aimed at giving meaningful work experience in one of our trade areas to young people. They are usually aimed at those who do not come across so well at interview, or that have been having difficulty getting into an Apprenticeship opportunity. Alternatively though our employers may wish to see how a young person performs and takes to a trade, prior to committing to taking them into a full apprenticeship, especially if they have just left school.

On a Traineeship there is no pay, but travel expenses are covered. Most young people progress to an apprenticeship with the Traineeship employer, or an alternative employer that we work with. If a vacancy is not available at the end of the Traineeships, a full reference is provided by the employer to the young person to assist them to gain an apprenticeship and Webs staff will support them in considering their possible progression opportunities.

For more information call 0115 967 7771 and ask for Tina Howe or email t.howe@webstraining.com
